Hyderabad, India

Design strategist who leads with outcomes. I ***increased login conversion 6×*** (2% → 20%), shipped ***50+ features*** in under a year with a 2-person team, and helped land enterprise clients like ***MSN, ESPN, and Getty.*** I build design functions from zero, define product vision for AI-native platforms, and pair strategic thinking with rigorous measurement to drive activation, retention, and revenue.

EXPERIENCE

FinalLayer ON-SITE · HYDERABAD — Dec 2024 — Present

Founding Designer · 50K+ users · 100+ paid companies

- Defined the **product vision, design strategy, and brand identity** for an AI creative platform from zero — setting direction for a legacy video tool and a new LinkedIn Super Agent product line.
- **6× conversion uplift:** Redesigned the free-trial onboarding flow, improving login conversion from **2–3% to 15–20%** month-over-month — directly growing the qualified pipeline.
- **100+ B2B conversions:** Designed the end-to-end paid flow that onboarded 100+ paying businesses from a 50K+ user base.
- **50+ features, 30+ major flows** shipped across two product lines with a compact 2-person design team (1 designer + AI agent assistant) — achieving output parity with a 7-person team by pioneering the designer + Claude Code workflow.
- Architected a **future-proof design system** and component library engineered to support 5+ years of team growth with minimal rework.

Rizzle ON-SITE · HYDERABAD — Sep 2023 — Dec 2024

Senior Product Designer · managed 7 designers · promoted in 12 months

- Led **design strategy for Rizzle's generative AI pivot** — identifying the market opportunity and defining the experience vision across Text-to-Video, Video-to-Video, and AI Thumbnails.
- **Enterprise wins:** Design-led product demos and custom workflow design converted **MSN Networks, ESPN Sports, and Getty** as paying clients.
- Built and led a **7-person design team:** defined team structure, sprint rituals, design critique culture, career paths, and cross-functional alignment with PM and engineering.
- Created a **scalable design system** and research-to-insight pipeline that informed executive-level product roadmap decisions, built for 5+ years of product evolution.

CXFacts REMOTE — Dec 2021 — Present

Product Design Lead

- Own **UX strategy and design vision** for a B2B SaaS analytics platform — aligning design direction with business goals across product, engineering, and executive leadership.
- Introduced design operations, stakeholder communication frameworks, and accessibility-first standards across the organisation.

Lagorii BANGALORE — Jan 2022 — Apr 2022

Product Manager Intern

- Identified market opportunity and launched Lagorii's first digital storefront end-to-end; owned category management, interaction design, merchandising, and homepage campaign visuals.

Excytech REMOTE — Dec 2020 — Apr 2022

UI / UX Developer

- Sole designer defining information architecture, user flows, design systems, and front-end implementation across e-commerce, digital ID, and ed-tech product verticals.
